ALLIANCE FRANÇAISE BOUTIQUE: ORDER FORM

Federation of Alliances Françaises USA Education Handbook

The new 200-page Federation Education Handbook was presented to the membership at the Assemblée Générale in San Francisco on October 27, 2005, by author/editor Rebecca Valette. This two-year project was undertaken by the Handbook Sub-Committee, co-chaired by Rebecca Valette, AF de Boston et de Cambridge (MA), and Béatrice Hildebrand, AF de Sacramento (CA), with the support and assistance of dozens of readers and contributors. The goal of the handbook is to reflect the realities of French language instruction in the Alliances across the United States and to facilitate future educational projects aimed at helping member chapters improve their French classes at all levels.
